1. I see a round table, it seats either 30 but I think 40 people all the way around it. I think that we are able to actually push a button and the fourths separate from each other so that, as it were, I could walk between the fourths, and at any time I could press the button and cause the fourths to come back together. This would be a place of worship, a place of hearing God's word spoken, and speaking God's word directly in first person. Everything that is spoken there is recorded. There is an individual microphone for every person so that a person could walk up, spend 20, 30 minutes, an hour there, and when they got up from that seat they could take a recording of everything they had just spoken with them. So when they come up and sit down, there is a way that they activate a CD ROM or such recording device. It's a particle accelerator. Everything there is recorded all the time. There is nothing spoken there out loud that is not recorded. Maybe there are multiple round rooms like this within the tower, maybe some of the tables are small and seat 12, maybe there are several different rooms of 12, maybe some of 24, maybe some other numbers, I think there are. The main one that I saw tonight is that round room, round room seating 30 or 40 people, but I think glass, I think it's near the top, maybe it is the top to worship, Worship Central, various levels of Worship Central. At the base, at the base, a Worship Central where worship goes on 24/7. I think there is something about the table being able to be divided by fourths related to the four winds, the four posts, the four parts of the earth. There is something about it being circular, and ignition, polarity, and reverse polarity. And I think there is something about splitting the atom four ways. There is something about rotational and gyrotational forces, dimensionless centers in Him. All of this is tied in. I can see people waiting in line to take a seat at that table. I can see that there are other rooms, maybe these other rooms, maybe there's a number of them that are like planetariums, and everything that is spoken is recorded. There is a copy that we keep on file that we have access to, that we can transcribe and the people also that come, they can take a copy of their individual words with them. The heavens open truly to this tower and these towers all over the world, points of reference, points of contact, high places representing Him, connecting with Him, connecting with each other, circuits of Him like no other, charged, letting the charge go throughout the earth.

2. Oh I love you. Pinks and reds and purples, shades, hues of color of only Me, enspectrum'd, representing Me. Particle accelerators of only Me I bring you now. Connecting, interconnecting, facilitating interexchange of My heart, maturing My Mine, bringing forth My words on the alter, from the alter, through the alter, My Mine coming through Me, mining Me, coming through Me, plumbing My depths, inquisitors royal, bloodline of only Me, bloodline of only Me. I love you.

Centers charged with My power, reflecting Me. Atomic, nuclear, Me-onic, Ted, Me-onic, Me-oning My people, Me flowing through My Mine unrestricted, circuitry and networks of only Me, don't you see? Don't you see now? Clearly of Me, My hand, the back of My hand, see Me, My brain, My eyes, My blood, My sacrifice, My wonder, all splendor, beauty transcendent. Created, creating My creation, My creation who comes now to create increasingly, reflecting the circuitry of My hand. My Mine'd, My thinker, My Me, centrality of Me, I Am, revealing more to you I will. I Am, that's with a capital "A," I Am, I am I Am.

3. Thank you for bringing I Am, present tense, first person, into now, this moment, now, today, this very moment, into Me, into Mine, into My people, into My people who will see Me, fear Me, feel Me, and become Me increasingly in the earth, demonstrating demonstrably, irrefutably, unequivocally being Me, walking about My earth in power, glory, and dominion.

4. They come, I come, they line up to be a part of My University that operates like no other—anti-rotational, gyrotational forces of only Me, setting My forces free, fully for Me.

5. The Kingdom of God cometh, comes now in glory, arrayed in beauty, splendor, and power. I love you. I love you and I give you Me.

6. Think it not strange that things are like they are in your life, my loved one, think it not strange, go back not over your life and complain, condemn, considering all the options and alternatives that might have been, might have been better, might have been different, might have brought less pain, brought about different circumstances, a different life for you that you would be experiencing now.

7. Think it not strange, worry not, analyze not, all on Me now, all in Me now, on the alter, given to Me, not picked up again when you leave this place, when you lay down these words, when you finish hearing this message. Pick not up the past but pick Me please and what I now release you into. All that I have I give you. All that I am I give you. I give you Me, rotational forces delineating Me, you will see.

8. Many of you who wonder about these words, you will see, you will hear, you will coagulate and coalesce into the conditions perfect for the colors, the hues, the radiance of My heart to come forth, creating, creating products, services, delivery systems of only Me, splitting the atom for only Me. Monocular magistration, monuments, and alters of Me for My Mine, who drink offering'd are. I love you. I give you Me.

9. It all comes. It is all here. High diving My 5's, My 50's, 40's, 30's, 10's, dozens galore and more, groups, armies, leadership of only Me all over My earth. The little thinkers are thinking, opening to Me, so to be little no more, not in Me, not in anybody, not in any heart yielded to Me.

10. I come and I call and I significance the day of Joel 2 released, Isaiah 6l empowered, visibly demonstrating Me. See Me.

11. Operate in global constraints none. I love you. I give you Me. No more locality restrictions. No more dimension-ful constrictions. Restrictions planer, none. Think of Me, My hand, My face, My eyes, My feet, My side, My throne, in you coming forth and into Me, My body through Me, all things to Me, through Me, for Me, Me displayed in My Mine, radiating My beauty, glory, honor and power—honor to each other, reflecting Me and great respect, blessing and release—networks constellation-ized, operating in only Me. See Me. See Me, beast-conquering, omitting none who will come into Me, freely drinking of the fountains in Me, flowing Me, becoming harmony with Me. I love you.

12. I go now.
I come again.
I Am.
I never leave.
You rest.
We do this more and more now.
More and More.
